E-Mail: dpo@hketoberlin.gov.hk

Note: If you access the "Zoom" website, the provider of "Zoom" is responsible for data processing. However, calling up the website is only necessary for the use of "Zoom" in order to download the software for the use of "Zoom".

You can also use "Zoom" if you enter the respective meeting ID and, if necessary, other access data for the meeting directly in the "Zoom" app.

If you do not want to or cannot use the "Zoom" app, the basic functions can also be used via a browser version, which you can also find on the "Zoom" website.

What data is processed?

Various types of data are processed when you use "Zoom". In this context, the scope of the data also depends on the information on data you provide before or when participating in an "online meeting".

The following personal data are subject to processing:

- **User details:** first name, last name, telephone (optional), e-mail address, password (if "single sign-on" is not used), profile picture (optional), country, industry (optional), organization, job title.
- **Meeting metadata:** Topic, description (optional), attendee IP addresses, device/hardware information.
- **For recordings** (optional): MP4 file of all video, audio and presentation recordings, M4A file of all audio recordings, text file of online meeting chat.
- **For dial-in with the telephone:** information on the incoming and outgoing call number, country name, start and end time. If necessary, further connection data such as the IP address of the device can be stored.
- **Text, audio and video data:** You may have the opportunity to use the chat, question or survey functions in an "online meeting". In this respect, the text entries you make are processed in order to display them in the "online meeting" and, if necessary, to log them. In order to enable the display of video and the playback of audio, the data from the microphone of your terminal device and from any video camera of the terminal device will be processed for the duration of

the meeting. You can switch off or mute the camera or microphone yourself at any time via the "Zoom" applications.

To participate in an "online meeting" or to enter the "meeting room", you must at least provide information about your name, e-mail address, country, organization and job position.

Scope of processing

We use "Zoom" to conduct "online meetings". If we want to record "online meetings", we will transparently inform you in advance and - if necessary - ask for consent. The fact of the recording will also be displayed to you in the "Zoom" app.

If it is necessary for the purposes of logging the results of an online meeting, we will log the chat content. However, this will generally not be the case.

In the case of webinars, we may also process questions asked by webinar participants for purposes of recording and following up on webinars.

If you are registered as a user at "Zoom", then reports of "online meetings" (meeting metadata, telephone dial-in data, questions and answers in webinars, survey function in webinars) may be stored at "Zoom" for up to one month.

With your consent, HKETO uses your personal data (e-mail addresses, name, organisation) for advertising purposes, to contact you and make you aware of future events. Furthermore, HKETO uses contact data to send information material to the participants.

Automated decision-making within the meaning of Art. 22 DSGVO is not used.

Legal basis of data processing

As far as personal data of HKETO employees are processed, § 26 BDSG is the legal basis for data processing. If, in connection with the use of "Zoom", personal data is not required for the establishment, implementation or termination of the employment relationship, but is nevertheless an elementary component of the use of "Zoom", Article 6 (1) f) DSGVO is the legal basis for data processing. In these cases, our interest is in the effective implementation of "online meetings".

In addition, the legal basis for data processing when conducting "online meetings" is Art. 6 (1) (b) DSGVO, insofar as the meetings are conducted in the context of contractual relationships.

If no contractual relationship exists, the legal basis is Art. 6 para. 1 lit. f) DSGVO. Here, too, our interest is in the effective implementation of "online meetings".

Insofar as personal data of the participants is used for advertising purposes, this is only done on the basis of prior consent granted. The legal basis for data processing for advertising purposes after consent has been given is Art. 6 para. 1 sentence 1 lit. a) DSGVO.

Recipients / passing on of data

Personal data that is processed in connection with participation in "online meetings" is generally not passed on to third parties unless it is specifically intended to be passed on. Please note that the content of "online meetings", as well as personal meetings, is often used to communicate information with customers, interested parties or third parties and is therefore intended for disclosure.

Personal data for the purpose of advertising will only be shared with Basilicon Consulting who organize events similar to HKETO after consent.

Other recipients: The provider of "Zoom" necessarily receives knowledge of the above-mentioned data, insofar as this is provided for in the context of our order processing agreement with "Zoom". Zoom's privacy policy is available at <https://www.zoom.us/privacy>

Data processing outside the European Union

"Zoom" is a service provided by a provider from the USA. Processing of personal data therefore also takes place in a third country. We have concluded an order processing agreement with the provider of "Zoom" that meets the requirements of Art. 28 DSGVO.

An adequate level of data protection is guaranteed on the one hand by the conclusion of the so-called EU standard contractual clauses. As a supplementary protective measure, we have also set up our Zoom configuration in such a way that only data centers in the EU, the EEA or secure third countries such as Canada or Japan are used to conduct "online meetings".
