恭賀新禧

YEAR OF THE RAT HAPPY NEW YEAR

FOREWORD

Hong Kong experienced a challenging time in the Year of the Pig. Coming to the new year, we are set to show you the possibilities and resilience of Asia's World City.

As an energetic and tech-savvy global financial centre, Hong Kong presents itself as a major FinTech hub embracing new technologies. This year, Hong Kong has been named among the top three easiest places in the world to do business, maintained its status as the freest economy in the world and hosted a variety of summits bringing together officials, entrepreneurs and professionals from all over the world.

Steadily striding ahead, Hong Kong's unique position in the Guangdong-Hong Kong-Macao Greater Bay Area will bring forward long-term development opportunities for promoting sustainable growth in commerce, professional services, technology, tourism and culture. We welcome businesses, professionals and talents from Germany to come to Hong Kong and unleash potentials that we together dream of.

There are still many challenges ahead of us, but today we gather together with our like-minded friends to wish for a better future. As a new year loops in, let me thank you for your great efforts in strengthening the relations between Germany and Hong Kong in the past year, and wish you good fortune and good health in the year to come.
